**Under 1.137(b) and 1.137(f)**

**AND**

**SUBMISSION OF REVOCATION OF NON-PUBLICATION REQUEST**

**I. Petition and Required Statement of Unintentional Delay**

A non-publication request was filed with the above referenced patent application. On April 19, 2002, the Assignee of the present application filed a corresponding patent application in the PCT Office designating foreign countries. At the time the PCT application was filed, Applicant's undersigned representative failed to appreciate that a non-publication request had been filed in the present application.

The Applicants' undersigned representative was reviewing the patent application in relation to foreign filing issues. In reviewing the file it was determined that the application had already been filed as a PCT and that a non-publication request had been filed in the case. In realizing that a revocation of non-publication request had not been filed, Applicants' undersigned representative promptly prepared and filed this petition.

Applicants' undersigned representative hereby declares that the failure to notify the Patent Office of the foreign filing within 45 days of the foreign filing date and to revoke the non-publication request was the result of an unintentional error.

This petition is accompanied by a Revocation of Non-Publication Request and Notice of Foreign Filing.

**Statement that Delay was Unintentional**

The undersigned hereby states that the entire delay in filing the required reply, i.e., the Revocation of Non-Publication Request and Notice of Foreign Filing, until the filing of this grantable petition, was unintentional.
